HPSEBL

Message

It gives me immense pleasure to know that HPSEB Ltd. Pensioners Welfare Association is holding its annual meet on 5th June 2019 and bringing out a souvenir on the occasion.

It is a well known fact that the members of the Association directly or indirectly had played vital role in providing 100 % electrification and constructing best hydel projects in Himachal Pradesh. Services rendered by the Association for the upliftment of HPSEB Ltd. is really appreciable. Your Association is working for the social causes like distribution of uniforms to the poor children and blood donation camp etc. are the noble causes and should be encouraged. Your Association can add one more fur in its cap by organizing awareness campaigns in different areas to aware people of the State about information of power sector. By providing this type of consultancy from experienced engineers and staff of HPSEBL. people of the State would be benefited. I hope Association will surely think upon our request and will place an agenda in this regard in the upcoming conference.

Besides this, I hope alongwith this particular issue many important issues concerning better services to the mankind to be deliberated in the conference will surely bear fruit.

I extend my good wishes to all the pensioners of HPSEB Ltd. on the occasion and wish the general conference a success.
