Message

I feel happy and wish to congratulate the HPSEB Pensioners Welfare Association for organizing its Fourth General Conference. While penning down this message for all my retired colleagues/coworkers, I salute you for your dedication of work towards our company. The vast expanse and the present shape of the company is due to your indefatigable efforts. It is due to your hard work that we, the working employees, are enjoying the sweet nectar of respect and honour in the society.

It is also heartening to see that even after retirement the members of the Association are not only fighting for the cause of all the retirees but are also engaged in social service. I have great respect for you for your contribution to the company and the society. I wish the very best to each and success in all your endeavours in the future.
