## *Message*

I am glad to learn that 4th General Conference of HPSEBL Pensioners Welfare Association is being held on 5th June, 2019. Bringing out a Souvenir on this occasion shall definitely help to spread the objectives and activities of the Association.

The present day pensioners were once backbone of the HPSEB's activities and their role and contributions in upbringing of the organization shall always remain significant and noticeable. Their rich bank of knowledge and experience is valuable for the Power Sector in State. It is due to their hard work that the State is today fully electrified and has sufficient availability of power.

I wish that endeavours of all the Members of this Welfare Association achieve the goals set for the betterment of HPSEBL Pensioners who have rendered useful and effective services in the Department. I also wish all of them a happy, long & prosperous life ahead on this auspicious occasion.

I extend my good wishes for the success of the celebration.
