Message

I am extremely happy to know that the HPSEBL Pensioners Welfare Association (State Body) is convening it's 4th General Conference on 5th June, 2019 and is proposing to bring out a Souvenir on this occasion.

Such type of celebration provides an opportunity for interaction amongst the various sections of employees of HPSEBL who have been retired from the services of the organization. Employees are the backbone of an organization and they have been serving the organization with great zeal, enthusiasm and dedication throughout their service career. Such activities promote feeling of unity and brotherhood and a sense of dedication in discipline in discharge of social relationship.

I wish the function a grand success and send my best wishes to its Association.
